About Us

IslandPro is a leading integrated facility management company in Sri Lanka, delivering professional, reliable, and customized facility solutions for corporate offices, commercial buildings, industrial facilities, hotels, hospitals, banks, IT companies, and large-scale organizations. We specialize in creating clean, safe, efficient, and professionally managed environments that support productivity, operational continuity, and long-term asset protection. With trained personnel, modern equipment, and strict quality standards, IslandPro.Lk provides end-to-end facility management solutions tailored to the unique needs of every client. Driven by professionalism, innovation, and operational excellence, we help businesses maintain world-class workplace standards while focusing on sustainability, safety compliance, and service reliability.

Vision

“To become Sri Lanka’s most trusted and leading integrated facility management partner, recognized for operational excellence, innovation, reliability, and exceptional customer experience across every industry we serve.”

Mission

“To deliver world-class integrated facility management solutions through skilled professionals, innovative practices, and uncompromising service standards, creating safe, efficient, sustainable, and professionally managed environments that add long-term value to our clients’ businesses.”

Why Choose Us ?

With a strong commitment to quality, reliability, and customer satisfaction, IslandPro stands as a trusted partner in professional cleaning and facility management services across Sri Lanka. We combine industry expertise with modern technology and strict operational standards to deliver consistent, high-quality results tailored to each client's needs.

WHY CHOOSE US ?

- Highly trained and experienced manpower ensuring professional service delivery
- 24/7 customer support for continuous assistance and emergency response
- Customized cleaning and facility management solutions based on client requirements
- Strict quality inspection processes to maintain consistent service standards
- Use of modern machinery and advanced cleaning equipment
- Full compliance with health, safety, and environmental regulations
- Strong and experienced management team ensuring efficient operations and supervision
- Reliable, timely, and cost-effective service delivery across all sectors

Our Philosophy.

At IslandPro, we believe that effective facility management goes beyond maintenance and cleaning—it is about creating safe, efficient, and professional environments that support business growth, employee wellbeing, and operational excellence.

Our philosophy is built on professionalism, reliability, quality service, and long-term client partnerships. We are committed to delivering customized facility solutions with integrity, attention to detail, and continuous improvement, ensuring every property we manage reflects the highest standards of excellence.

Supervision & Quality Control

At IslandPro, every operation is executed under a structured supervision system to ensure consistent service quality, safety compliance, and operational efficiency across all sites in Sri Lanka.

Our supervisory teams conduct regular site inspections, monitor staff performance, and verify that all tasks are completed according to approved procedures and client specifications. Continuous quality checks are implemented throughout service delivery to maintain high standards of cleanliness, maintenance, and professionalism.

In addition, strict safety monitoring is enforced, including proper use of equipment, safe chemical handling, and adherence to workplace safety protocols. This systematic approach ensures reliability, accountability, and excellence in every service we provide.

Chemical Safety & Standards

At IslandPro, we strictly follow approved chemical handling procedures and industry safety standards to ensure safe, effective, and environmentally responsible cleaning operations. Every chemical product we use is supported with a proper MSDS (Material Safety Data Sheet). We use certified cleaning agents, proper dilution methods, and trained staff to minimize health risks, protect surfaces, and maintain compliance with occupational safety regulations across all service environments in Sri Lanka.
